SUPPLY AND DEPLOYMENT

Fiber to home/estate/building.
Fiber trenching, ducting, cable laying & testing.

WHY SMART HOMES/ OFFICES/BUILDINGS/SITES

You can view and control your home remotely from the sandy beaches of Diani. From the app, there's a live view, play and replay of the recorded footage.

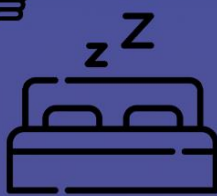

You have the privilege and authority to allow or lock a visitor. Anyone will be detected by motion detectors which will trigger alarms.

Creative bulbs which are adaptable for parties, sleeping & color changes.

Energy savers by intelligently switching off/on.
